

PREETHAM G P

Technical Lead | Full Stack Developer

Bengaluru, Karnataka

+91-7259736403 | preethamgp1@gmail.com | www.linkedin.com/in/preethamgp-7267571b4

Full Stack Engineer with 4+ years of experience, specializing in front-end development with strong hands-on exposure to backend systems, building scalable, high-availability web and mobile applications using React.js and Node.js microservices. Proven track record of delivering platforms serving 8M+ users, improving system throughput by 50%, and leading cross-functional engineering teams. Strong expertise in distributed systems, AWS cloud deployments, and CI/CD automation.

Skills

Frontend Technologies: JavaScript (ES6+), React.js, HTML5, CSS3, Ant Design, Material UI

Backend Technologies: Node.js, FeathersJS, RESTful APIs

Databases: PostgreSQL, MySQL, Redis

Messaging: Apache Kafka

Testing: Jest, Mocha

VCS: Git

Architecture: Microservices, Client-Server Architecture

Release & Project Management: GitLab CI/CD, Jira

Cloud: AWS (EC2, Route 53, Lambda)

Monitoring & Observability: Prometheus, Grafana

Professional Experience

Comviva | Bengaluru, Karnataka

Technical Lead Engineer | Dec 2024 – Present

- Leading a 15-member engineering team delivering a multi-tenant Loyalty Platform (OTN) serving **8M+ users**.
- Hands-on Technical Lead across multiple microservices, contributing to architecture design for scalable distributed systems.
- Improved system performance by identifying bottlenecks and increasing **TPS by 50%**.
- Designed and implemented Campaign, Rewards, Loyalty Points, and Notification modules.
- Conducted code reviews, performance tuning, and production issue resolution.
- Optimized database queries and caching strategies to enhance service responsiveness under high traffic loads.
- Implemented GitLab CI/CD pipelines and managed AWS deployments.

Tech Stack: React.js, Node.js, Feathers, PostgreSQL, Redis, Kafka, AWS, GitLab CI/CD

Senior Software Engineer | Dec 2022 – Dec 2024

- Contributed to a React Native mobile payment application serving millions of users in Africa.
- Built a Loyalty application widely used within the organization to demonstrate end-to-end loyalty capabilities and product features.
- Designed and enhanced the admin portal using React.js with Ant Design and Material UI, improving usability and operational efficiency.
- Developed scalable Node.js microservices integrated with PostgreSQL and Redis to support high-performance backend operations.
- Implemented comprehensive unit testing using Jest and Mocha, increasing code coverage from **50% to over 80%**, significantly improving application stability and release confidence.

Tech Stack: React Native, React.js, Node.js, PostgreSQL, Redis, Kafka, AWS, Jest, Mocha

Software Engineer | Nov 2021 – Dec 2022

- Led the end-to-end development of a Vue.js Progressive Web Application (PWA) from inception to production deployment.
- Successfully rolled out the application across multiple regions: **Nepal (500K+ users), Tunisia (300K+ users), and Ooredoo Qatar (B2E platform)**.
- Actively participated in Agile sprint planning, estimations, and release management cycles.
- Leveraged tools such as Consul for service discovery, Keycloak for authentication and authorization, Apache Kafka for event-driven messaging, and Nginx for web server optimization and performance enhancement.

Tech Stack: Vue.js (PWA), MySQL

Education

Master of Computer Applications – MCA

Bangalore Institute of Technology, Bengaluru – Karnataka.

2018 – 2021 | CGPA: 9.05/10

Bachelor of Science – Bsc [PMCs]

PES COLLEGE OF SCIENCE ARTS AND COMMERCE, Mandya – Karnataka.

2015 – 2018 | Percentage: 71.70%

CERTIFICATIONS & ACHIEVEMENTS

- Excellence Award from COO for outstanding performance in React.js and Node.js development.
- Organization-level Credo Cap Nominee – Excellence.
- Multiple quarterly appreciation awards for technical contributions.
- MERN Stack Full Stack Development Certification.
